

Bilingual Memory Game [French | English]

- 1/ Print this page (thicker paper is best)
- 2/ Colour the cards in, they don't have to be the same. It makes it more fun when you are trying to find a pair!
- 3/ Cut the squares carefully and start playing!
- 4/ Share your artwork on Instagram and tag @sweetpamplemousseuk

Weekly Schedule included on the next page.

This is roughly the layout I used in my notebook these days (a less colourful version!). I think it is the most efficient so far for me, after I used column layout for a while. I hope you and your kids can make use of it. Print as many as you need! Let me know what you think!

Happy 2021!

Flo.
